

# Bullying is a **BIG** Problem!

**Some bullying hurts the body because the victims are hit in some way.** Other bullying is emotional, like when one kid is left out of things on purpose and made to feel alone. That kind of bullying hurts the feelings. That pain might even be worse than physical pain.

According to the Bureau of Justice Statistics: Every 7 minutes, a student is attacked on a playground.

### **Herald-Leader Activity:**

Look at the comic strips and talk about the humor there. Do you think any of the comic strip characters could feel bullied?
