

# A Hands-on health fair

A GEAR UP Kentucky student sutures a hog jaw.

Could you be headed toward a career in the health industry? More than 200 seventh- and eighth-grade students from Mayfield Middle School participated in a health fair this past spring at Murray State University's Curris Center. The event was sponsored by the Purchase Area Health Education Center, the U.S. Department of Education, and the University of Louisville's GEAR UP Kentucky. During the health fair, GEAR UP Kentucky students rotated through a number of classrooms, performing ultrasounds, counting out pharmaceutical medications and dressing wounds, among other activities. ## Use KHEAA as a resource

Did you know there are people available to answer questions you may have right now about funding your college career? KHEAA and The Student Loan People provide copies of free college planning and financial aid publications to students of all ages. Most copies are sent to schools for distribution to students, while outreach counselors hand out many more during school visits throughout Kentucky. Ask your counselor or a teacher for information KHEAA has for you. ## KHEAA iPod Shuffle winner

KHEAA iPod Shuffle Winner: Leestown Middle School student Cinthya Aguilar signed up for the contest on the GoHigherKY.org website when a GEAR UP representative came to speak to her class.

During 2006, when GEAR UP Kentucky students created their GoHigherKY.org accounts, they also had the opportunity to enter a chance to win an Apple iPod Shuffle. A winner was drawn each month from students who activated their accounts. Pictured here is Cinthya Aguilar, one of the 12 iPod Shuffle winners. Congratulations, Cinthya, on winning the iPod and for learning about the college preparation experience on GoHigherKY.org!
